Must RSVP via fax 518.732.2241 Attn: Mike Allocca. Checks must be received no later than June 20th. Please see website to pay via credit card

Registration Form – International Documentation Training

How many times have you just filled out a document not knowing what all the required fields meant and copied it from a prior document simply because that has always been how things are done? Have you ever been told that your shipment is “stuck” in customs because of lack of information or a document that is missing or not filled out correctly? How many times has your company been charged for unnecessary “documentation” fees or held up on a shipment because the documents had to be corrected? If you just want to make sure you are filling things out correctly or you have questions, problems or delays due to documentation problems this training program is a must for you.

Program overview

This program will help you understand when and how you should be filling out certain international documents listed below. We will go through each document, step by step, and you will know where to go and what to look for in your own documents to be able to fill them out accurately and know when they are required. Many companies are exposing themselves unnecessarily to shipment delays, Customs audits and demurrage charges because there is incomplete or inaccurate documentation for the shipment. Why not learn what documents you should be filling out and how to do so accurately so you can keep your customers, distributors and company ahead of schedule?

Topics covered

- **Understanding Commercial invoices, packing lists, bills of lading, SED’s, Certificates of Origin, Dock Receipts. Knowing when they are required and going step by step on how to fill out each them.**
- **What other documents can be used to reduce delays, eliminate demurrage and shorten your product cycle.**
- **Understanding what a DCS statement is and why you should have it all on domestic and export commercial invoices.**
- **Wood Certificates, Legalization and pre-shipment inspection –what countries still require it.**
- **NAFTA Certificates of Origin’s – Common errors, when you should/ shouldn’t fill one out.**

Who should attend:

Traffic managers, purchasing managers, shipping/receiving personnel, compliance officer, sales managers, customer service managers and anyone involved /concerned with international shipments.
